

Swimming pool rules

1- Before entering either pool, bathers are required to pass through the showers located at the foot bath.

2- It is strictly forbidden to go barefoot on the pool deck.

3- The list of authorized swimwear is posted on the premises and included in the house rules.

4- Swimmers must not use foot baths for purposes other than those for which they are designed.

5- Smoking and eating are prohibited, except in the rest area above the big steps.

6- Animals may not be brought into the pool enclosure.

7- It is forbidden to leave food scraps behind.

8- Running on the beach and diving are prohibited.

9- The use of air mattresses and inflatable structures is prohibited, except for the safety of children (standard buoys).

10- People with suspicious skin lesions who are not in possession of a certificate of non-contagion are forbidden access to areas reserved for bathers.

11- Children must be supervised by their parents, and the management declines all responsibility in the event of an accident. Children aged 12 and under must automatically be accompanied by an adult.

12- Non-swimmers should be aware of the risks they run if they fail to comply with safety instructions, and in particular should not venture into water higher than the danger level (see depth markings and signs at the entrance to the pool). Armbands are strongly recommended.

In the event of an accident due to failure to comply with these instructions, the management declines all responsibility.
